TRANSFORM OUR WORLD
22nd ANNUAL GLOBAL CONFERENCE

October 1-5, 2012 • Hilton Hawaiian Village
Waikiki, Honolulu, Hawaii

Ordinary People Doing Extraordinary Things. —Acts 19:11

God says, "I have a Hope and a Future for You!"

Never has this divine promise been more needed than today. When the whole world is being enveloped by darkness, God tells us, "*Arise and shine for your Light has come!*" That's what this conference is all about: learning God's perspective on current affairs and how to be equipped to change the world beginning with your own sphere of influence.

This global gathering is a rendezvous with God and with destiny because each moment is pregnant with His presence, and every participant has the potential to be a channel of inspiration to you. Meet people from different backgrounds—businessmen, pastors, educators, government officials, health care practitioners, homemakers, youth and children—who share the same vision: to make the world a better place.

This conference offers a myriad of unique forums, uplifting music, inspirational plenaries, panels, workshops and personal ministry—all designed to help you become transformational.

Those leading the sessions are the very best in their field, but the person seated next to you could do an equally superb job since the participants are seasoned implementers who love Monday as much as Sunday, having understood that *greater is He who is in them than the one who is in the world.*

God wants you to be a guiding voice for a vibrant future rather than a feeble echo of a decadent past.

“In Hawaii, God changed my life. I felt His presence in a way I had never felt before. It was indescribable! I learned how to bless and be a blessing! I got ideas from God and from others on how to start transformation in my school and in my town! It truly opened my eyes and shoved me in the direction I am meant to go!”

—Christo Swart, Age 16

“Kristen and I have been bringing our whole family to this conference for four years now and every time it is LIFE-CHANGING! Our children have become part of the pipeline of transformational people who are changing the world. We encourage you to bring your whole family and enjoy quality family time, fun vacation activities and bonding together in a dynamic context like no other. You won’t return home the same!”

—Dave & Kristen Wendorff

"Throughout the Hawaii Conference, I saw God's hand move powerfully in the nations and I got to know God more. The various testimonies taught me to live a transformational lifestyle so that I have to proclaim and live as a reality: "My Hong Kong is God's Hong Kong"!"
